DAILY KENTUCKIAN

"GREATER HOPKINS-
VILLE WANTS YOU."

Established 1879 Vol. XL—Daily Vol. 1. No. 32

HOPKINSVILLE, KENTUCKY, TUESDAY, APRIL 16, 1918.

Price 3 Cents

REINFORCEMENTS NEAR

EDITORIAL COMMENT

Call 449 if you fail to get the Kentuckian promptly. And if you have a news item, phone it to the same number.

The April shower that fell last night was badly needed.

One woman was killed by the bombardment of Paris Sunday by a long range gun.

Gen. Foch's title in now "Commander-in-chief of the Allied Armies in France."

A Daviess county hen laid an egg that had on it the letter "V" and an eagle emblem.

The first man in the country's alphabetical list of soldiers is C. A. Aab, who is followed by F. O. Aabel. Both are now in France.

The news comes from Switzerland that there are strong indications that Germany is preparing for a dash to sea with her Navy.

To the draft of 3,396 men from Kentucky has been added 6,600 more, making 10,000 to be furnished between now and May 10.

Kentucky's newly announced draft quota is 1,326 in one report and 6,326 in another. The smaller figures are probably correct.

Joe Weber and Lew Fields have discarded their German make-up of "Hans" and "Fritz" on the stage and will hereafter be known as "Mike" and "Lew."

Senator Wm. J. Stone, of Missouri, who was stricken with paralysis Saturday died Sunday night, aged 70 years. He will be buried at Nevada, Mo.

The Senate has again voted for \$2.00 wheat and the question goes to the House, where the increase will be vigorously opposed, under a threat from the President that he will veto the increase.

No matter whether you are rich or poor, you must labor at least thirty-six hours in a week. This law was passed by the Kentucky Legislature and became a law Saturday night. If a man is between the age of twenty-one and sixty he must have a job, or go to jail for a period of sixty days to be worked on the streets and roads.

Once more the city had to rely upon the Kentuckian for its Sunday morning news until far into the day. The news was good too, and the night reports were supplemented by bulletins that were displayed Sunday morning giving even better reports. The public is rapidly learning where to look for the news before it becomes history.

The Romanoff family, most of whom are residing in the Crimea, are suffering from want, according to the Moscow papers. The dowager Empress Maria Feodorovna, with Grand Duke Nicholas, the Grand Duchess Xenia and children and other members of the family, is allowed to spend only four hundred rubles a month while the expenses of all of them cannot exceed ten thousand rubles. They have five servants but many of the former court noblemen who are staying with the Romanoffs do their own washing, or work in the vineyards, earning occasionally four rubles a day.

HEN LAYS FREAK EGG.

Mr. Wick Dawson, of Roaring Spring, has brought to the Kentuckian an egg laid on Easter Sunday by one of his hens that has a yellow band or circle around the middle. One end of the egg is brown and the other white, the circle being a well defined mark between them.

Forty interned Germans who passed through Lexington enroute to Southern prison were hooted and pelted by a crowd at the depot.

LIBERTY BOND DRIVE YESTERDAY

ONE HUNDRED WORKERS IN TWO HOURS CANVASSED THE CITY, AND RESULTS EQUALED MANAGERS EXPECTATION.

The noise of steam whistle blowing for five minutes at 9 o'clock yesterday morning summoned the hundred or more workers, men and women, for the Liberty Loan drive in Hopkinsville. The city had been divided into four districts, under the able management of T. J. McReynolds, and everything was ready for the whirlwind campaign. The districts were subdivided and four workers were sent together, two men and two women, while a fifth drove the car in which the canvass was made. Before noon the canvass had been completed, although there were of course some absentees in every district who have yet to be seen.

The city's quota of the \$600,000 set as the goal was \$300,000 and the \$200,000 was passed long before all of the reports came in.

When the last reports were in last night it was found that the total for Hopkinsville was above \$225,000. This does not include any subscriptions at all from out of town. It is known that there are good fat sums already subscribed in various sections of the county but these will not be reported till after the big drive in the county Wednesday and Thursday. Today the campaign continues in Hopkinsville and the final figures are expected to total \$300,000 raised in this city. The county is expected to do as well or better and bring

the total for Christian county to \$600,000 or better.

Trigg county phoned over last night that their quota is only \$45,000 but the amount raised to date is \$100,000. They feel certain \$25,000 more will be added before the drive ceases.

At the committee meeting of the Liberty Loan Committee held at Headquarters last night, the Committeemen were greatly surprised and in fact shocked to learn in looking over the list of subscribers to find that the names of some of the most prominent business men in the city were missing.

In other instances they were disappointed to find the names of men who were fully able to subscribe for thousands of dollars only subscribing for a few hundred dollars.

Committees were appointed to wait upon these men and tell them that their subscriptions were wholly inadequate and ask them to subscribe for more bonds.

It was decided that every one who did not subscribe be waited upon and given a fair chance to show his loyalty before his name is forwarded to Washington as requested by the Government.

The committee is determined that not a single man in Christian county shall fail to buy a bond if he is at all able to do so.

BALL SEASON OPENS TODAY

(By International News Service.) New York, April 15.—The baseball season will be officially opened tomorrow.

Only two games in the American League were played today and none in the Tenger circuit.

American League.
Boston 7, Philadelphia 1.
Washington 3, New York 6.

NEW LIBERTY LOAN FIGURES

(By International News Service.) Washington, April 15.—A total of \$619,611,800 in subscriptions to the Third Liberty Loan was announced tonight by the Treasury Department.

FREIGHT WRECK

TRAIN OF FREIGHT CARS DERAILED NEAR SPRINGFIELD YESTERDAY.

There was a bad wreck on the L. & N. near Springfield, Tenn., yesterday morning, six or seven freight cars being derailed in a cut and blocking the track for many hours. No lives were lost, but the property damage was very heavy.

AN OUTLAW NATION.

Make Germany an outcast among nations unless she subscribes to certain accepted laws governing the relations between different peoples is the proposal made by Senator Robert L. Owen, of Oklahoma. Senator Owen was addressing the meeting of the National Security League.

Private Herbert Owens, aged 28, of Bowling Green, died at Camp Taylor Saturday, of pneumonia.

LIGHTER LIST OF CASUALTIES

(By International News Service.) Washington, April 15.—Today's casualties contain 45 names. One killed in action, three died of wounds, seven died of disease and one from an unknown cause, four were severely wounded and twenty-seven slightly wounded.

FLYER KILLED AT KELLY FIELD

(By International News Service.) San Antonio, Texas, April 15.—Second Lieut. Robert Markham, of Turin, N. Y., a flying instructor at Kelly Field, was killed today when his machine fell 200 feet.

MR. W. F. RANDLE IS HOPELESSLY ILL AT HIS APARTMENTS, ST. CHARLES COURT LAST NIGHT.

Mr. Wilbur F. Randle was reported in a dying condition last night. He had already fallen into unconsciousness and his condition indicated that the end was not far off.

Mr. Randle has long been one of the city's prominent citizens. For many years he was the government's official weather observer, a position he recently gave up. He was also the Poor Commissioner for the County until his feebleness made it necessary for him to resign.

TALKED TOO MUCH.

For predicting that the war would be over in six months, with Germany as the victor, Dr. Charles H. Weinberg, of St. Louis, president of the Missouri branch of the German-American Alliance, was arrested charged with violating the Federal espionage act.

BAKER'S HELP AWAITED FOR NEW PROGRAM

(By International News Service.)

Washington, April 15.—Important official conferences await the return to Washington in the near future Secretary of War Baker, who has been inspecting American forces in Europe. Impressive estimates for army increases which have been prepared in advance of his coming await his approval. The minimum estimates have already been prepared by the War Department for presentation to Congress. They provide for expansion on scale that would give United States army approximately 3,000,000 men by the end of 1918. The law requires that requests for legislation of this kind shall have the approval of the Secretary of War. The absence of Secretary Baker has delayed this program. The official report of the Adjutant General on April 1 revealed that the army contained 1,528,924 then. It is estimated that more than 800,000 will be called before next year. The demand for man power on the West front is so pressing that conservative estimates now fix the total to be called this year at 1,500,000. This means department which provide supplies must have their work increased approximately 100 per cent.

It is estimated now that the army will number 3,000,000 by January, 1919. Army transports facilities are now able to move 150,000 to France per month.

REVIVAL GROWS IN STRENGTH

LARGE CROWDS ARE IN EVIDENCE AT EACH EVENING SERVICE.

The Waters-Jones Revival at the Tabernacle has been in progress one week already and last Sunday night was the beginning of the second week. As an evidence of the growing interest in this meeting one only has to attend to be convinced. The audience Sunday night filled the big Tabernacle until there was but little available room left for any purpose.

Rev. Mr. Waters took for his subject Sunday night the question "Is There a Personal Devil?" On this he based a strong sermon and had much to say in condemnation of the German Kaiser. He also illustrated his sermon with many humorous stories which he applied to the lives of the average citizens of Hopkinsville and Christian county.

WHITE WAY

NEW LIGHTING SYSTEM INSTALLED ON THE TWO PRINCIPAL BUSINESS STREETS.

The new "White Way" was given its try-out at 11:30 last night. The new lights extend from Fifth to Fourteenth on Main street and from Main to Railroad on Ninth street. There are three lights to the block on each side and in spite of the dark and rainy night, the whole business section was brilliantly illuminated.

CAKELESS GRANGE DINNER.

The Church Hill Grange recommends that the ladies of the grange and others who bring dinner to the sale, eliminate the cake as a patriotic duty, but bring the regular dinner otherwise.

EDITH WILLIAMS, Sec'y.

FRENCH RESERVES ARE AT HAND

BRITISH LOSE "NEW CHURCH" BUT SITUATION IS MORE FAVORABLE EVERYWHERE ELSE ALONG THE LINE.

(By International News Service.)

LONDON, APR. 15.—TERRIFIC FIGHTING BETWEEN THE GERMAN AND THE ENGLISH CONTINUES TO-NIGHT AROUND NEUVE—"NEW CHURCH"—WHICH FELL TO THE GERMANS TO-DAY. THE TURNING OF THE MENACE TO BAILLEUL AND TO THE RIDGE WAS THUS INCREASED. BUT OFFSETTING THIS REVERSE TO HAIG'S TROOPS IN THE CENTER, THE LINE NORTH OF LYS IS MARKED BY A STIFFENING OF THE BRITISH RESISTANCE IN EVERY OTHER

SECTOR IN THIS NORTHERN BATTLE, A STIFFENING WHICH RESULTED IN A BLOODY CHECK TO THE ENEMY. THE SITUATION LATE THIS EVENING STOOD FAVORABLE FOR THE BRITISH EVERYWHERE EXCEPT BETWEEN THE MESSINES RIDGE AND BAILLEUL. THE FRENCH REINFORCEMENTS WHICH HAIG WAS PROMISED SEVERAL DAYS AGO ARE NOW REPORTED TO BE APPROACHING THE LYS BATTLEFIELD AND BEFORE MANY HOURS THEY ARE EXPECTED TO BE IN THE THICKEST OF THE STRUGGLE.

SABOTAGE BILL PASSES HOUSE

(By International News Service.)

Washington, April 15.—The conscription of labor was demanded today on the floor of the House. Its advocates met with a volley of disapproval. Representative Cannon, of Illinois, protesting at the striking out of the clause in the Sabotage bill which would have prevented strikes for the period of the war, gave a warning that the situation eventually would have to be met by more drastic legislation than has yet been proposed. Considerable group of the House, mostly Republicans, intend to keep pounding at the legislative program greatly restricting the rights of labor to strike. Today they met considerable reverse when the House adopted the Sabotage bill after knocking out all reference to war time strikes.

PATRIOTIC SERMON.

Rev. T. L. Hulse's patriotic sermon delivered at the Tabernacle Sunday afternoon was heard by a fair-sized audience and was pronounced one of the greatest efforts of this kind ever delivered in this section. Rev. Mr. Hulse is Presiding Elder of the M. E. Church, South, for the Hopkinsville District, is a hard student and deep scholar, and is through and through an American citizen. He believes that the Kaiser is in league with the devil and that the duty of every Sammie is to do all in his power to break up this league not only every Sammie but every citizen as well.

DIED IN COLORADO

MRS. BETTIE HOWELL SMITH'S BODY WILL ARRIVE HERE TO-DAY FOR INTERMENT.

Mrs. Bettie Howell Holloway Smith died Saturday afternoon at her home in Denver, Colo., aged about 56 years. Mrs. Smith was formerly Miss Bettie Howell, of this city, and was first married to Mr. Holloway. One child of this union survives her, Miss Adeline Holloway. Later she remarried and was a widow for the second time. The body will arrive here to-day accompanied by her daughter and possibly by her sister, Mrs. Pfeiffer. There will be services held in Riverside Chapel and interment in the lot where her brother, R. E. Howell is buried. Services at 2:30 p. m.

Mrs. Smith was a lady of most engaging personality, bright, cheery and lovable. She is most pleasantly remembered by a large circle of friends.

LOST WITH ALL ON BOARD

(By International News Service.)

Washington, April 15.—The belief is growing that the United States Collier, Cyclops, missing since March 4, was the victim of an explosion caused by a bomb planted on the vessel at her last port of call, which was Barbadores in the West Indies. The vessel had 293 men on board, including 50 Naval recruits.

MEXICANS NEED WATCHING

Austin, Texas, April 15.—Adjutant General Harley, just returned from a tour of inspection of range camps along the Rio Grande, tonight said the situation along the Mexican border is serious. He declared that Mexico sees things with a flavor of German intrigue and propaganda.

POOR CHICKS!

County Food Administrator G. C. Koffman announces that the restriction on the use of chickens will be lifted at midnight of April 19, which is Friday night. Food Administrator Hoover placed the ban on the killing of hens from Feb. 11 to May 1 but this order has been modified and the restrictions will be lifted after April 19. After that date everybody may be as free in the killing and use of hens and any other fowls as before the order first took effect. This will come as welcome news to many people but it will be a sad, sad day for the poor chicks.

BOND MEETINGS.

Sunday afternoon rousing liberty bond meetings were held at Clifton, Bainbridge, Macadonia, Bluff Spring and West Seminary. Speakers by carloads went out to all these places and aroused much interest and enthusiasm.

Last night speakers again went to the country and had big crowds and rousing meetings at Fruit Hill, Honey Grove and LaFayette. The committee is looking for all these sections to show up soon with encouraging totals.

The burning of a ward of the state insane hospital at Norman, Okla., was a terrible holocaust. The victims were mostly young boys. Of the dead 38 bodies have been recovered and 37 others are missing, some of whom may have escaped in the excitement.

OUR SERVICE FLAG

The first American prisoner to escape from Germany has reached Basle, Switzerland.

Ike F. Marcossan, a former Louisville reporter, who has won fame in New York journalism will lecture in Louisville next Saturday on the war, for the relief of French Orphans.

The statue of Frederick the Great was removed from its pedestal in front of the war college in Washington Saturday and stored in a cellar. It was feared it would be damaged by patriotic citizens.

The first contingent of 100 inviolated soldiers was expected yesterday to be sent to a hospital at Cumberland, Md. Another detachment of 200 wounded men is expected about May 1.

In the house of commons J. I. MacPherson, parliamentary under secretary of the war office, informed a questioner that steps had been taken to construct a British gun capable of throwing a shell more than 80 miles.

Allen McDonald, the designer of the concrete vessel "Faith," just successfully launched in California, is a Louisville boy. An appropriation of \$50,000,000 has been authorized to build concrete ships on the McDonald plan.

Col. Henry Watterson, editor of the Courier-Journal, is at the Norton Infirmary suffering from an affection of the bladder. His attending physicians, Drs. J. T. Windell and Louis Frank announce that his condition is not serious and they believe he will be about again in a short time. Col. Watterson is not only the oldest editor in active service, but he is the ablest of living journalists in America.

Harry Sommers has completed his 37th year as a newspaper man. The editor of the Kentuckian will pass his 39th milestone on April 22. He found Henry Watterson and Urey Woodson members of the Kentucky Press at that time. Perhaps John Barry was another. That is all who are left of the "old gang" who met at Ashland and went to White Sulphur Springs in 1880.

The executive committee of the National German-American alliance at a special meeting in Philadelphia, decided to dissolve the organization immediately and instructed the officers to turn over at once to the American Red Cross the \$30,000 in the treasury. The Rev. Siegmund von the alliance, made a report of the position the alliance finds itself in and recommended that in view of public opinion with regard to the continued existence of the organization it be dissolved. No act of disloyalty has been proved against the national German-American alliance, Mr. von Boese, Wilmington, Del., president of the individual and state organizations, he felt that its usefulness was about ended.

DOUBT DISAPPEARS

NO ONE IN HOPKINSVILLE WHO HAS A BAD BACK SHOULD IGNORE THIS DOUBLE PROOF.

Does your back ever ache? Have you suspected your kidneys? Backache is sometimes kidney ache?

With it may come dizzy spells. Sleepless nights, tired, dull days. Distressing urinary disorders. Doan's Kidney Pills have been endorsed by thousands.

Are recommended here at home. You have read Hopkinsville sequel. Renewed testimony; tested by time. Mrs. W. M. Kelly, 522 N. Main st., Hopkinsville, gave the following statement February 8, 1912. "I suffered from weak kidneys and had sharp pains across the small of my back and in my sides. Seeing Doan's Kidney Pills so highly endorsed, I got some at the Anderson-Fowler Drug Co. I was greatly benefited. Since then I have used several more boxes with good relief."

On January 16, 1917, Mrs. Kelly said: "I still take Doan's Kidney Pills occasionally to keep my kidney in good working order. I am glad to recommend them."

60c, at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y. Advertisements.

TAX MAY BE FOUR BILLION

REVENUE COLLECTORS' REPORT INDICATES RETURNS WILL FAR EXCEED ESTIMATE OF \$2,500,000,000.

Washington, April 15.—Recent reports from revenue collectors indicate that the government may receive from income and excess profits in June much more than the \$2,500,000,000 estimated. Some estimates based on preliminary examination of returns filed ten days ago, run as high as \$4,000,000,000.

If these calculations of big collections are borne out by further examination of returns within the next two weeks, the treasury may recommend legislation to provide for installment payment of taxes probably on June 15, Aug 15, and Oct. 15. The treasury's decision on this question also depends largely on this success of the Liberty Loan in the next week or ten days.

For a mild, easy action of the bowels, try Doan's Regulants, a modern laxative. 30c at all stores. Advertisement.

Enough for a Party.

Gladys was visiting her aunt. One day, as they were going down town Gladys noticed three rather untidy children playing in front of a house and remarked about it. "There are ten children living in that house and only one mother to care for all of them, so she cannot always keep them as clean as mothers who have only one or two to care for," said her aunt. "Ten?" asked Gladys. "Ten? Why, they can have a party without inviting anyone."

Shrinking From Death.

Is it quite fair to dub a man a coward because he is "afraid to die?" Death, the prospect of it, even when it lies many years ahead, makes many of us quake. What, then, of the death that the air, full of whining bullets, shells, bombs, grenades, holds? "All that a man hath will he give for his life" is very true, and to shrink from death is but human and natural.—London Tit-Bits.

Children Cry FOR FLETCHER'S CASTORIA

Evolution.

The processes of evolution have worked for myriads of years to develop a form of living beauty, until the wanton destructiveness of man intervenes, and an auk, or a dodo, or a passenger pigeon, is forever erased from the roll of living things. It is a loss of which the mind cannot bear to think.—Exchange.

The Heart is Very Busy.

Your heart is a very busy organ. While you breathe once, it beats four times, says Popular Science Monthly. At each beat it sends four pounds of blood through your veins and arteries. The weight of the circulating blood is 29 pounds. When you run, your legs and the other parts of your body need more blood, so your heart must pump faster.

WEATHER FOR WEEK.

Ohio Valley—Fair first of week. Temperature above normal middle of week, fair and warm. End of week showers with higher temperature.

Fine Tomato Plants for sale at 20c per dozen at W. R. Thomson's, 604 East 9th street.

FIRST TELEGRAPH IN 1774

Frenchman Is Given Credit as Pioneer of That Form of Transmitting Messages.

The first electric telegraph of which we have historic record, and also that on which most writers and authorities agree, is that of George Louis Le Sage, a Frenchman living in Geneva, Switzerland, and who built his first telegraph in 1774. The Le Sage telegraph system employed 24 wires, placed in a trough in the ground, the wires being suitably spaced and insulated by means of glass partitions at frequent intervals. Each wire represented a certain letter of the alphabet. As is known, gold leaf is extremely sensitive to minute electric impulses, and so we find that Le Sage placed a small piece of gold leaf at the end of each wire. To send a signal over any particular wire corresponding to a certain letter of the alphabet, a small static charge was sent through the wire by touching it at the transmitting station with a glass rod which had previously been electrically excited by rubbing it with silk. This system was rather limited in its application, as it is very difficult to insulate a static charge for any great distance.—Electrical Experimenter.

WARTIME SCHOOL IN CELLAR

Vaults of Big Champagne Firm Utilized by the French and Thoroughly Protected.

The Joffre school in the cellars of the German firm of Mumm, today under sequestration, is protected by three courses of re-enforced cement and a thick ceiling of mortar and earth. Of the immense apartment nine or ten meters wide by forty long in which it is installed, it occupies only a portion about twenty meters in length, and is walled off from the vacant space by a double row of casks piled one on another. Within the schoolroom the three classes are separated from each other by partitions of champagne cases, and to prevent dampness and increase the light the walls have been sheathed with straw matting covered with light paper. All these details give the visitor no chance to forget for an instant that he is in a champagne town.

To brighten these catacombs, each mistress decorated her classroom as best she could with the slender material available in a half-destroyed city.—Octave Forsant, in Atlantic.

A SOCIALIST'S MATHEMATICS.

"Pete," said Meandering Mike, "if you had a million dollars would you want everybody to divide all the money around, share an' share alike?"

"No, sir," replied Plodding Pete. "I'd want to be fair. I wouldn't have anybody in on the dividin' around except those plutocrats who had a million and upwards."

HIS SERVICES.

"How long has that clerk worked for you?" asked the caller.

"About four hours," replied the boss.

"I thought he had been here longer than that," said the caller.

"He has," said the boss. "He has been here for four months."

QUALIFIED FOR JOB.

Employer—The position requires a great amount of mechanical experience.

Applicant—I have owned a second-hand automobile for two months.

Employer—Accepted!—Life.

SLIGHTLY MIXED.

"Look here, Tommie, you've spelled sword s-o-r-d. Don't you know there's a w in that word?"

"Of course I do, if you mean s-a-w-e-d."

NOT NEIGHBORLY.

Mrs. Flatbush—Are your new neighbors inclined to be friendly?

Mrs. Bensonhurst—No. They haven't been in to borrow a thing yet.

THE EXCEPTION.

"Cheer up, old man. Everything comes to him who waits, you know."

"Yes, I know. But it will be just my luck to be waiting at the wrong place."—Judge.

UNDER WHAT HEAD?

Agent—Hah? Citizen—What tax do I pay on the coin I found in last year's vest?

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while killing, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 155 lbs., and felt off until he weighed 110 lbs., in two weeks."

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Thedford's Black-Draught. I made him take a big dose, and when it began to act he tasted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thedford's Black-Draught."

Thedford's Black-Draught will help you to keep it, ready for the day's work. Try it! NCJ33!

The Very Latest Styles

It's an old, old saying that the people you write to often judge you by your stationery. And there is a great deal of truth in the fact that stationery can be so chosen as to reflect the best of judgment and taste.

Stationery suitable for one occasion may be entirely out of place for another. Then, too, the styles in stationery change the same as styles in clothing.

To be sure that your stationery is right for all purposes, always buy it here.

DOG'S SENSE OF DIRECTION

Trait That is Found in American Animals, as Strong as Among Those of France.

"French wardogs are not the only ones that could be taught to do great service in the world struggle," remarked H. R. Turner, a Kentuckian, discussing the marvelous feats performed by some of the dogs on the battlefields of France, at the Willard, according to the Washington Post. "The dog of America commonly called a 'cur' has instinct for such service. His sense of direction is astonishing. Some patriotic women in the West have undertaken to train dogs for Red Cross work, and they have found that the 'cur' dog is possessed of all the natural qualifications for war service. But, in my judgment, the Kentucky hunting dog is better adapted for this work than any other because of his wonderful instincts. A few years ago a sportsman of Iowa had a hunting dog bred in Kentucky. It was an unusually fine dog, and during the 'racing' season in Kentucky he sent his dog back to Kentucky to take part in the fox chasing. After the sport was over the friends to whom the animal had been sent lost him. They were much perturbed because they had promised they would see that the dog was sent safe back home to Iowa. After many days of searching, however, they sent word to the owner that the dog had disappeared. Sixty days afterward they were informed that the dog had returned to his home in Iowa."

LESS WORK IN COLD MONTHS

Interesting Facts Brought Out by Study of Efficiency in Factories and Educational Institutions.

Dr. Ellsworth Huntington of the department of geography of Yale university has called attention to the fact that there are some rather surprising results to be obtained from a study of efficiency in factories and in schools and colleges at different seasons of the year. The studies were made over a period of four years, and plotted curves show that the lowest wages are earned during January; then there is rather steady increase through February, March, April, May and the first half of June. During the latter part of June and through July and August the curve remains at a lower level than in early June, but much higher than during the winter. About the end of August people begin once more to work fast, and they go on at an increasing rate until the middle of November again. It recovers somewhat in December, owing evidently in part to the rush of holiday orders, and in part to the extra incentive of the special need for money because of Christmas expenditures. Finally, at the end of that month, efficiency drops off rapidly, to remain at its lowest all during January.

SUGAR SOAP.

The discovery is announced of a method of manufacture of soap from sugar instead of from oil. In the past it has been possible to use sugar only in soaps that had little value. By the new method, it is claimed, the soap produced is not fine and delicate, but it acts as efficiently in salt water as in fresh—a fact that may make the soap valuable for the navy. Articles that formerly had to be sent to chemical laundries can be washed with this new kind of soap. The finest kinds of silks, it is alleged, not only are not harmed by it, but their colors are brought out brilliantly as if new. In addition, the sugar-soap seems to be responsible for a minimum of the wear and tear occasioned by old-fashioned cleansing soaps.

GLAD TO GO.

Detective Sergeant—Have any difficulty getting "Big Ike," the strong-arm guy?

Detective—Not a bit. He thanked me for taking him. He was having an argument with his wife.

AMENITIES.

Belle—I hear the government is badly in need of camouflage artists.

Nell—It is a wonder you have not been snatched up with that complexion, dear.

A MEAN BLAM.

"I was in the mob scene," boasted Yorick Hamm.

"I don't doubt it," responded Hamlet Felt, his rival. "And were you the entire mob?"

KARLSRUHE SICK OF AIR RAIDS

WANTS AGREEMENT THAT ALL FIGHTING SHALL BE RESTRICTED TO THE ZONE OF HOSTILITIES.

Amsterdam, April 15.—A Karlsruhe dispatch to the Frankfurter Zeitung reports the passage of the chamber of the grand duchy of Baden there of a resolution requesting the imperial German government to endeavor to secure a general agreement for the cessation of hostile air raids on places outside the zone of military operation.

Karlsruhe, capital of the grand duchy of Baden, with a population of between 75,000 and 100,000 and situated about fifty miles from the French border, has been several times visited by allied airmen.

There was a daylight air raid by British squadrons on Karlsruhe in January during which a ton and a quarter of bombs were dropped.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine.

Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions.

After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials, free.

P. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists.

Origin of Dover's Powder.

"Dover's powder," an old-fashioned remedy still to be found at most druggists, is named after Captain Dover, a worthy of the seventeenth century. Captain Dover's other claim to fame is that he rescued Alexander Selkirk, the castaway of the island of Juan Fernandez, and thus was instrumental in giving "Robinson Crusoe" to the world. Captain Dover practiced medicine in an independent way—chiefly on his own men—and in this way came to concoct the powder which bears his name.

Oak First for Tables.

Oak was the wood first used in tables then walnut came into general use in the middle of the seventeenth century. An early form of table was the chair table, convenient because it served the purpose of a seat when the top was lifted and stood against the side of the room. But gradually the table took its present form and use. It became the custom to leave the board upon the trestle instead of removing both, and in time the piece of furniture was called the table.

Tender Thoughts in Will.

Sometimes there are found such tender touches as these in the will of a late town clerk of Monmouth, who died in 1915, aged seventy-two. He left to the Monmouth General hospital and dispensary, for the children's ward, in memory of his darling child Lizzie, £500 and a framed portrait of the child, and desired the authorities to place on her grave a wreath of flowers each Palm Sunday and a wreath of holly each Christmas day.

Helmet Styles Unchanged.

Helmet styles have not changed in centuries. There is a curious resemblance between the iron pots worn by ancient knights and those employed by the soldiers of America and Europe. Indeed, ancient and medieval armor dating back to the time of the Crusades has been imitated by the twentieth century. Some of the designs found in museums have not even been altered.

WEST SIDE CITIZEN DIES

**JACKSON MILLER VICTIM OF
PNEUMONIA ACCELERATED
BY SEVERE WOUND.**

At his home on O'Neal ave. yesterday noon, Jackson Willis was taken by death. He was about 40 years of age and a respected citizen. He was born on a farm near Clifton, Todd county, Ky., where he grew to manhood and married. After a short period of married life his wife died. But he later married a second wife who, with several children, lives to mourn his untimely taking away.

After growing to manhood the deceased moved to Greenville, Ky., and engaged himself as a teamster, which occupation he followed up to the time of his death. He had lived in Hopkinsville the past few years.

While pneumonia is given as the immediate cause of death, a contributory cause is probably a large knife wound which Willis sustained recently at the hands of James De Bow. It is said that as neighbors they had trouble over some reproof to De Bow's children. The stabbing of Willis occurred April 5 when the two men met in the yard to talk over the trouble. No arrest was made of De Bow at the time but yesterday afternoon he was arrested and charged with murder.

Funeral services will be held at the residence on O'Neal avenue at 10:30 a. m. today and burial will be in Riverside cemetery.

Mrs. S. V. Todd, and little son, of Memphis, are visiting Mrs. Todd's mother, Mrs. James W. Lander.

FOLLOWING THE FLAG.

Sergt. Trice Waller and Sergt. Robert Waller arrived from Camp Taylor yesterday afternoon on a brief visit to their parents, Mr. and Mrs. F. L. Waller.

Sam J. Lander, of the Medical Department of the 34th U. S. Infantry, Fort Bliss, Texas, arrived Sunday night on a visit to his mother, Mrs. J. W. Lander, South Virginia and 13th street.

Lawson Faxon will leave this afternoon for Ft. Oglethorpe, Georgia, where he will enter the Medical Training Camp of the U. S. Army. Mr. Faxon has a well established drug business located in the Phoenix Bldg., corner Ninth and Main streets, and he will leave this in charge of B. C. Major, unless he should close this out at once before leaving.

Clarence Givens, Jr., well known Madisonville boy, now managing editor of the Henderson Cleaner, will soon be with General Pershing's forces in France. He received from Washington this week a telegram announcing his appointment as army field clerk, with instructions to hold himself in readiness to report immediately for service abroad. He will probably spend several weeks in Washington before going "over there."—Hustler.

CALL 449 WHEN YOU HAVE NEWS FROM FRANCE.

Under a new ruling of the War Department, there will no longer be issued from Washington lists of the dead and wounded among our boys in France. The Department will, however, continue to telegraph relatives of the fate of their kindred.

When you get such a message from the War Department, please telephone 449 and ask for the editor. The Kentuckian will undertake to inform the community of the sad news.

MISMANAGEMENT CHARGED.

Thousands of dollars of the \$300,000 road bond issue of Pulaski county have been "diverted from State-aid work, illegally expended and misused," State Inspector and Examiner Sewell charges in a report submitted to the Governor.

WANTED TO BUY OR RENT.

A good well located and well improved home, with house of 8 or 10 rooms in Hopkinsville. Immediate possession. Inquire at Kentuckian office.

Mrs. G. H. Chase, and daughter, Miss Dorothy Chase, of Detroit, spent the week-end in the city enroute in their car to New Orleans, he guests of Miss Clara Belle Thompson, Miss Chase and Miss Thompson were schoolmates at Bryn Mawr.

Jerked Meats.

"In South America jerked or dried meat is known variously as tassaio, or tassaio, and jerked venison is prepared and used by mountain dwellers in the Rockies and our southern mountain ranges. In South Africa these dried meat products are known as biltong.

Edward P. Weaver, aged 69, of Boston, has just finished the course for U. S. Seamen.

EMPHASIS ON LAST LINE.

Just to let you into the secret, "What makes a doctor laugh," the following are from the Journal of the American Medical Association: My Tuesdays are meatless, My Wednesdays wheatless, I'm getting more catless each day; My house it is heatless, My bed it is sheetless— They've gone to the Y. M. C. A.; The barrooms are treatless, My coffee is sweetless, Each day I get poorer and wiser; My stockings are footless, My trousers are seatless— Je-roosh, how I hate the dam kaiser!

BRIGHT YOUNGSTER.

"Ethel, can't you tell us the shape of the world?" asked teacher dear encouragingly. "Yessum; it's in a pretty bad shape just now," replied the precocious child who had heard her daddy say a few things at home.—Florida Times-Union.

ONE AT A TIME.

"He is a man who likes to prolong envy of his advantages by parading them before others less fortunate." "Yes; he got a ton of coal today and had it carried into his cellar in bags."

DOES MAKE A DIFFERENCE.

Loret—You formerly favored an income tax. Why the change? Kadilloh—Now I have an income.

MADISONVILLE GETS FACTORY

**WILL GIVE EMPLOYMENT FOR
300 GIRLS AND WOMEN BETWEEN
AGES OF 16 AND 35.**

The American Cigar Company, of New York, will establish one of its modern factories in Madisonville and plan to be open and ready for business by May 15th.

N. Weis, of New York, vice president of the company, and David Weis, of Cleveland, director of factories, came to Madisonville last Tuesday and met with the Business Men's Association at the Elk's Club, and following the conference the representatives of the factory decided that Madisonville would be an ideal place for the location, and the articles were drawn up and signed.

The Business Men's Association submitted a list of about 250 names of girls and women who had made application for employment in the factory, and assured Messrs. Weis that once the factory was opened all of the help needed could be acquired. The association guaranteed to supply the help as needed.

The McLeod building, on the corner of West Center and Seminary streets has been rented for five years.

STEEL TUBE IS UNBREAKABLE

**So Constructed That Even Dynamite
Has No Effect on It, as Tests
Have Proved.**

Steel tubes are now being made so tough that dynamite will not break them. A writer in Railway and Locomotive Engineering cites some instances in which this has been proved recently.

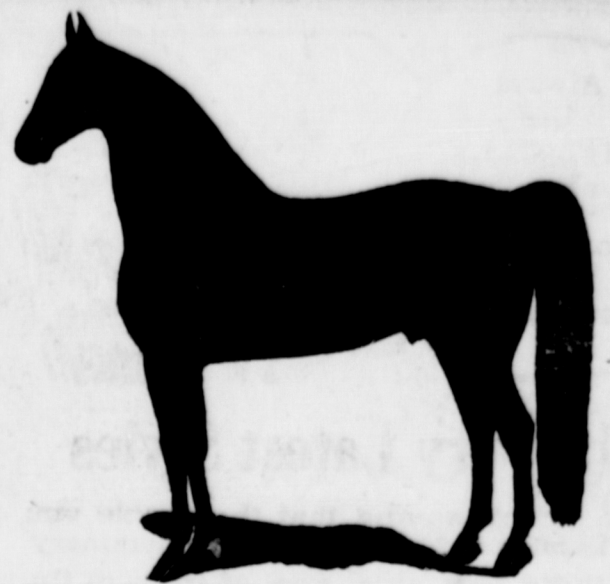

He tells of an 18-foot length of 5 3-16 inch steel casing that was stuck in an oil well and 170 quarts of nitroglycerin were shot off in the well to blow out the pipe and at the same time to "shoot" the well. The explosion did not budge the pipe, however, but reduced it to about six feet in length, making it crump, but not even cracking it.

In an Oklahoma oil field a string of 340 feet of ten-inch oil-well casing fell 236 feet to the bottom of a well. The casing was not broken by the shock, although the thread protector was forced over the threads about twelve or thirteen inches and the bottom of the pipe was bent backward and inward.

In a similar case 34,000 pounds of pipe fell 200 feet and the impact telescoped the three lower sections, one inside and one outside, but no weld failed, nor was there a crack in any one of the pieces of pipe.

**Wear
HARDWICK'S
Glasses**

FOR SEASON 1918 GLORIOUS HIGH CLOUD, No. 4042.

Fine gaited saddle horse. Red sorrel, 15 1/2 hands high, standard measure, will weigh 1250 lbs., sound. Fee \$15.

Help our Soldiers and Allies

WIN THE WAR.

They need sugar far more than we do, and each time you use sugar THINK OF OUR SOLDIER BOYS.

W. T. COOPER & CO.

Will The Line Hold?

NOTHING else matters now. We are face to face with the burning, vital question, *will the line hold?* Civilization hangs upon the answer. The very life of our Republic is at stake.

They are *there* now---our boys---the sons we fathered, the brothers we loved, the lads we worked with and played with. In that hideous, raging hell of steel and flame and poison gas, they stand---the barrier between us and the destruction of all that is worth the having.

Will the line hold? YES---If you do *your part*---YES!

You form the second line, you men and women and children of America. Without your support, the first line falls. *You* must supply the money for those supplies and munitions the lack of which will send our men to disaster and death, our flag to shameful defeat.

Buy Bonds of the Third Liberty Loan

Buy them today! Pledge yourself for every penny you can wring from your daily needs. Don't make our men over there feel what the Russian soldiers felt---that the very people they were fighting for had abandoned them.

And from a money standpoint, you are buying the safest security the world offers today. The United States is behind these bonds. Every railroad, every factory, farm and homestead, every income or salary, stands for collateral.

The day Liberty Bonds become worthless, everything else in America will have lost its value, for everything we have is behind them.

If you can't pay cash for your bonds, you can borrow a part of the money at your bank, using the bonds as security; or you can buy them at your bank on easy partial payment plan. It is no trouble to buy Liberty Bonds---it is no trouble to pay for them. See your banker today.

The advertising for the Third Liberty Loan in this city has been made possible through the patriotism of the following firms, who have generously contributed the space in which the advertising will appear:

SAME OLD CUPID

By ALICE KILLIAN.

"There's no other satisfactory way but of it," gasped the old Scotchman, Boderick MacTavish on his deathbed. "And I rely on you to see to it that my wishes are respected."

"You mean that having left half your fortune to Robert Brinsley and half to Edith Allen, the whole to go to James Brinsley unless the two parties of the first part keep the property undivided by marriage, your wish is that they shall comply with the terms of your will, and inherit the estate."

"That is my desire," said the Scotchman, "but put in a codicil that if you succeed in inducing the couple to accept the provision and inherit as man and wife you are to receive twenty-five thousand dollars from the estate."

I lost no time in inserting this bequest and in getting the will signed and witnessed. MacTavish died within twenty-four hours after it was executed.

It would require a hundred pages of typewritten matter to explain why the old Scotchman wished his property to go to these two persons. Therefore I shall not attempt it in this very brief story. I had twenty-five thousand dollars at stake and as soon as the will was offered for probate I made a preliminary visit to each of the parties to see what chance there was in the matter.

"How much is the legacy?" asked Brinsley.

"Two hundred thousand dollars."

"My half would be a hundred thousand. Do you suppose I'm going to get myself tangled up with a woman for that. I have three times that amount already."

Miss Allen had no fortune and she very much desired the legacy of the half of it. "Why can't we be married," she asked me, "part immediately, and when we receive the estate divide it and get a divorce."

"You can," was my reply.

I went back to Brinsley and submitted this proposition. He would have nothing to do with it. I showed him that by refusing he was keeping a woman out of one hundred thousand dollars. Bob was a fine fellow and he said at once: "You go tell her that if she will agree to the divorce the moment I say the word, I'll marry her and she may keep the whole of the two hundred thousand dollars."

That he might not have time to change his mind I broke the speed law in getting to Miss Allen and informed her of the generous offer. She was amazed.

"Are you sure that proposition came from a man?" she gasped.

I assured her of the fact and received her consent to draw up a gentleman's and lady's agreement that after a marriage between the two neither would claim any matrimonial privilege, and neither would object to a divorce when desired by the other. What pleased me almost as well as the money I would get out of the transaction was that the stubborn MacTavish would after all fall in trying to have his way after he was dead.

I asked the bride and groom a few days before the wedding if they would like to meet before being married, but neither thought that anything would be gained by seeing one another. I believed Brinsley but not Miss Allen. In the first place she was curious, as women naturally are, and in the second she was unable to conceal from me the fact that Bob's generosity had had a serious effect upon her. She said that if the groom-to-be had a desire to see her she had no objection to meeting him. Otherwise she would be content with his society for the ten minutes that would be required to go through the ceremony.

The wedding was to take place at five o'clock in the afternoon, Brinsley having an appointment at his club for a seven o'clock dinner. I got all the papers drawn and ready for signature and at four called at Bob's office with them. I was to act as attorney for both and to read the documents to them just before the ceremony. Bob and I jumped into a taxi and rode to Miss Allen's. There I introduced the contracting parties, they sat down by a table and read the papers aloud.

The reading took up half an hour, at the end of which time a person who was waiting was called in and the ceremony performed. While my eyes were fixed on the documents of course I could not see the bride and groom. During the ceremony I noticed that Bob had lost something of his sang froid; the bride was inscrutable.

At the conclusion of the service Bob and I were about to leave, when the bride said she would like a few words with Mr. Brinsley. She desired his own personal word that he would keep the letter and the spirit of the agreement that had been made. She knew nothing about law, but she could understand a promise. Seeing that she wished to speak to him alone, I went away without him.

During the evening, knowing that he had an engagement at the club, I dropped in there. It was about nine o'clock when I arrived and I was astonished to hear that he had not been there. The man he was to meet had dined alone. Moreover Brinsley had not offered an excuse for not keeping his appointment.

I heard nothing from Brinsley for two months, when he informed me that he had not parted, as agreed with his wife, before her marriage, and had just returned from a wedding tour.

Shake Off That Grip

When Spring comes, with its changeable weather and your exposure, it is best to clear away all the symptoms left after an attack of grip. That evil disease leaves you weakened, and when its victim attempts to "do his bit" he exposes himself to the risk of a second attack, for which he is less prepared, and which may have graver consequences.

There's Danger in Delay

April and May are pneumonia months. In this time a weakened system is a constant source of danger, for the pneumonia and grip infections are in the air, and after a long winter the body is so clogged with waste it cannot resist them. Fortify the health, remove the catarrh, and improve the digestion.

For Quick Relief PERUNA

This reliable tonic is recommended to remove the waste from the body, counteract the catarrhal poisons and allay the inflammation that is catarrh, restore the regular appetite and tone up the entire system to resist disease. A well man is safe.

As a tonic after grip it has won many commendations, while its effectiveness in catarrhal conditions is unquestioned. Take no chances—Take Peruna.

Peruna Tablets are always ready to take. You may carry a box with you and ward off colds and chills. The liquid medicine in your home is a great safeguard. Protect your family.

The Peruna Company, Columbus, Ohio

ODD HIDING PLACE OF A BOCHE SNIPER

A Polu posing in the stump of a tree from which a Boche sniper for months made life miserable for the men in the first line trenches in the Alsace sector. A French raiding party under cover of night finally discovered the Boche in the stump of this willow tree and the sniper will snipe no more.

Fish's Armor.

The possession of a complete armor is very common among fishes; as a matter of fact, the scales of fish, when of sufficient size and thickness, and covering the greater part of the body, form a most effective protection against injury. Some fish are completely encased in a dense bony armor covering the entire body. The eyes, all the fins, the lips and other small necessary apertures alone are movable, these appearing in openings at the side where they occur, held in position by surrounding tough skin.

First Coal Was Quarried.

Nobody knows just when man first came to use coal as fuel. Coal was not systematically mined until little more than 400 years ago at Newcastle, England. These coal quarries were not deep and were frequently flooded with water until 125 years ago, when mining began to go below the surface. By that time Watt had discovered the power of steam. Coal was used to generate steam and steam was used to pump the water out of the coal holes. In this way burning coal made it possible to obtain more coal to burn.

For any itching skin trouble, piles, eczema, salt rheum, hives, itch, scald head, herpes, scabies, Doan's Ointment is highly recommended. 60c a box at all stores. Advertisement.

Lute Out of Existence.

The lute has vanished. It was one of the oldest of instruments, and had a beautiful vibrant tone somewhat like that of the harp. But its size and complexity were against it. It had a long tail and many strings, and while its size increased its power and range, it also increased its weight and made it cumbersome. The minstrel of today plays on the mandolin, the guitar or the banjo—and the lute is forgot.

REAL ESTATE BARGAINS.

FOR SALE—300 acres of good red clay land just 3 1/2 miles from Hopkinsville on one of the best pikes in the county. Well improved, well watered, and a nice showy place. Can sell at a bargain and give possession at once.

RADFORD & JOHNSON.

Why He Wished to Enlist.

Paul Gary of Anderson is all American, with the exception of a glass eye. The substitute optic is alien.

Gary tried to enlist in the United States marine corps at the recruiting station at Louisville. He was rejected when his infirmity was discovered by Sergeant G. C. Wright.

"Didn't you know that the loss of an eye would prevent your enlisting?" asked the sergeant.

"I thought it might," explained Gary, "but this glass blinker is the only part of me that was made in Germany, and I want to take it back."

He was advised to mail it.—Indianapolis News.

Confront Troubles Bravely.

A feeling of "bigness" comes to the man or woman who strikes right at the heart of the hard problem before him or her. Therefore the wise girl or woman is she who will try to smile when all the world seems awry. Keeping calm and quietly resolving to surmount the difficulty before her means that she will not only master it, but feel bigger and braver as a result.—Exchange.

Heavy, impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale and sickly. For pure blood, sound digestion, use Burdock Blood Bitters. \$1.25 at all stores.

The Soap Berry Tree.

The Jaboncillo, or soap berry tree, grows in the humid parts of western Ecuador. It attains a height of 50 feet and has wide-spreading branches and immense quantities of fruit of the size and shape of cherries. The nearby transparent yellowish skin and pulp surrounding the round black seeds are so saponaceous as to be used instead of soap, being equivalent to more than 50 times their weight of that material.

FOR 50,000 MORE MEN

ONLY SMALL NUMBER FROM IN-

DIANA—KENTUCKY AND ILLINOIS HAVE LARGE QUOTA.

Washington, April 15.—Another draft call for 49,843 registrants, has been sent to governors of states by Provost Marshal General Crowder.

Mobilization of the men is ordered for May 1 and 10.

This call increases to more than 300,000 the number of selected men ordered to camp since late in March.

Under President Wilson's determination to hasten the dispatch of American troops to France to reinforce the British and French armies bearing the brunt of the great German drives in Flanders and Picardy, the whole program is being speeded up. Only a week ago General Crowder ordered mobilization of 150,000 select men for April 26 and their movement to the national army cantonments during the five days following.

Troops are now moving to Europe at a rapid rate and this clearing of training camps will permit the transfer of men much faster than was contemplated before the German offensive made it imperative to rush men to the battlefronts. Although every state and the District of Columbia are called upon to furnish men under General Crowder's latest order, nearly half of the 49,843 men will come from seven states.

Illinois will supply by far the largest number, its quota being 8,047. New York 3,542, Michigan 2,513, Missouri 2,163, Wisconsin 2,135, Ohio 2,060.

Nevada has the lowest quota, forty-nine, and Delaware the next lowest with eighty-seven. Wyoming with ninety-two is the only other state to furnish less than 100 men.

Office 1st Floor in Pennyroyal Building.

Practical Jeweler and Graduate Optometrist

ESTABLISHED 1866

The INTELLIGENT, and WISE people always patronize the business houses of established reputation for honest and square dealing, and the reliable workmanship which is acquired only by long years of experience. Such is the house M. D. Kelly. Established in Hopkinsville in 1883.

A Watchmaker of Acknowledged Superiority.
A DIAMOND EXPERT.

"I propose to fight it out on this line if it takes all summer"

—General Grant

THAT was the American way then; it is the American way now.

We have entered this great war with a clearly defined purpose, and have made that purpose known to all the world. We "will fight it out on this line" if it takes a dozen summers. No discouragements, no disasters, shall deter us; no halfway peace or compromises with our enemy can tempt us from the course we have laid out.

Our Army and Navy are prepared to "fight it out on this line" until *victory* is won, and we must be prepared to back them up with every dollar necessary to make *victory* possible.

Buy Bonds of the Third Liberty Loan

Buy all you can possibly pay for, even though the payment involves stern self-denial. Remember you are not asked to *give* your money; you are asked to *lend* it, at good interest, to the wealthiest, strongest, most honorable nation on the globe.

If you can't pay cash for your bonds, you can borrow a part of the money at your bank, using the bonds as security; or you can buy them at your bank easy partial payment plan. It is no trouble to buy Liberty Bonds—it is no trouble to pay for them. See your banker today.

Take Your Choice: Bonds or Bondage

LADIES' READY-TO-WEAR

Princess Today
Carlyle Blackwell AND Evelyn Greeley
In "His Royal Happiness"
The snappy story of a handsome young American who sets things to right in a topsy turvy European kingdom. An adventure story that's great.
ALSO—"Roaring Lions and Wedding Bells." One of the new Fox Comedies in 2 Mirthful Acts.
ALSO—"The Screen Telegram." Something new. All the latest current events of interest. An extra good program.
Adults—13c, War Tax 2c. Children—9c, War Tax 1c.

Princess Tomorrow
EMILY STEVENS
Far-famed emotional actress surpassing all her former triumphs.
In "A SLEEPING MEMORY"
An extraordinary picturization of E. Phillips Oppenheim's great novel. The most astonishing contribution to the drama of the screen.
PRINCESS THURSDAY AND FRIDAY—Mary Pickford in "An Arrily of Clothes Line Alley." Most of screen in her latest and greatest success.

Rex Today
ANN PENNINGTON
Famous in "The Rainbow Princess," "The Antics of Ann" and other plays—IN—
"SUNSHINE ANN"
By Alice Hegan Rice author of "Mrs. Wiggs of the Cabbage Patch." A charming and refreshing story with a vein of comedy as fine as gold. A photoplay that everyone should see and enjoy.

UNION PRAYER SERVICES
The Union Prayer Service now being held daily at the suggestion of the Woman's Committee of the Council of Defense was held yesterday at the Ninth Street Christian church from 11:30 to 11:55 a. m. For the convenience of the business people as well as any others who desire to attend, the remainder of these meetings will be held at the Princess Theatre beginning at 11:30 sharp and closing at 5 minutes before twelve. This will give 25 minutes just before the noon hour and should suit the convenience of most any person who desires to be present.
The leaders for the remainder of the week are as follows:
Today, Tuesday—Rev. Paul S. Powell.
Wednesday—Rev. J. W. Stiles.
Thursday—Rev. H. H. Jones.
Friday—Rev. Thomas Chapman.

QUOTA BASED ON MEN OF CLASS 1
HOUSE ADOPTS SENATE PLAN TO ABANDON BASIS OF STATE POPULATION.
Washington, April 15.—The Senate resolution embodying the War Department plan to put the draft quota basis on the number of men in Class 1 instead of on State population was adopted by the House by a vote of 325 to 3. Representatives Gordon, Ohio, and Huddleston and Burnett, Alabama, voted against it. An amendment by Representative Shallenberger, of Nebraska, to base the quota on the total draft registration and liability to military service was voted down. Another amendment by the Nebraska member directing that credit be given for volunteers was adopted. Before final action was taken Representative Harrison, of Virginia, withdrew his amendment providing for the exemption of farm labor.

This Pollu in the first line trenches "somewhere where the battles rages" is ready to fire a rifle grenade into the ranks of the oncoming Teutons.

FARMERS MUST WORK ON FARM
REGISTRANTS GIVEN DEFERRED CLASSIFICATION ON AGRICULTURAL CLAIMS MUST FARM.
Any person who registered under the draft and set up the claim of being a farmer in order to obtain deferred classification must continue on the farm and to do farm work or else be reclassified and take chances on being put in Class 1. The District Exemption Board at Madisonville has issued the following order of instructions to the Local Exemption Boards and it speaks for itself and is as follows:
"In placing registrants in deferred classes on account of industrial or agricultural grounds, the district board has done so with the view of these men continuing in the same occupation. If any registrant within your jurisdiction to whom a deferred classification has been given changes his occupation you will please report same to this board at once."
WM. H. YOST, Chairman.
District Exemption Board, Madisonville, eKentucky."

DISCHARGED FROM SERVICE
SOLDIERS OF DRAFT AGE MUST REGISTER AND BE CLASSIFIED FOR EXAMINATION.
The Local Exemption Board has received instructions that all men who have previously been in the military service, but who have been honorably discharged, must, if they come with the draft ages, call at once at the office of the Local Board and register under the draft and be classified just as others have done. Unless this is done the person seeking to evade the law will be considered a deserter and be subject to the penalties of the law.
The Local Exemption Board, therefore, urges everyone who has not filed out his questionnaire to obtain one at once and register in order that the law may be complied with.

SIMPSON FARMER.
Lealie Farmer, of Simpson county, died at the Western State Hospital a few days ago, aged 37 years. He was received at the institution latter part of March, suffering from acute mania. The body was taken to his late home for interment.
WANTED—We have a customer for a small farm with moderate improvements and close to town. Also, a party who wants to buy a small mercantile business.
RADFORD & JOHNSON.

PRINCESS TODAY.
Carlyle Blackwell, Evelyn Greeley in "His Royal Happiness."
"His Royal Happiness" is a delightful, romantic story of the snappy way in which a handsome young American sets things to right in a topsy-turvy European kingdom. You'll enjoy this picture thoroughly. See it.
The cast of characters appearing in "His Royal Happiness" consists of:
Jack Christie..... Carlyle Blackwell
Princess Diana of Terresta,
Evelyn Greeley
Her Aunt..... Kate Lester
Carl Borden..... Bert Honey
Gen. Malcott..... Lionel Belmore
Lisette..... Kitty Johnson
Capalette..... A Black
Ferdinand..... Herbert Barrington

REX TO-DAY.
Today at the Rex Theatre, Ann Pennington makes her reappearance on the screen in her newest Paramount photoplay, "Sunshine Nan," having temporarily deserted it to dance in "Miss 1917," "The Ziegfeld Follies" and others. Miss Pennington's preceding picture was "The Antics of Ann," a whimsical boarding school story. In "Sunshine Nan" she takes a contrasting part—that of a little slum girl rises in the world against overwhelming odds. The supporting cast is very good, including Richard Barthelmess, Helen Tracey, John Hines and others. Charles Giblyn is the director, while the clever scenario was prepared by Eve Unsell from Alice Hegan Rice's story "Calvary Alley."
A 20-per cent. road tax for Shelby county was defeated.

PRINCESS TOMORROW.
"A Sleeping Memory" is a magnificent seven-act super-feature starring wonderful Emily Stevens. It is a screen version of E. Phillips Oppenheim's splendid novel of the same name, and has been adapted for the screen by Albert Shelby Le Veno. George D. Baker has directed "A Sleeping Memory," which has been produced under the personal direction of Maxwell Karger. "A Sleeping Memory" makes remarkable demands on the versatility and acting ability of the star, and no one but an artist of Miss Stevens' well recognized talents could have emerged from the ordeal triumphant. Frank Mills plays opposite the star and the supporting cast includes Walter Horton, Kate Blanche, Mario Majeroni, Richard Thornton and Frank Joyner.

ESTRAY NOTICE!
Estrayed from my farm one and a half miles west of Pee Dee, one black mare, about sixteen hands high, seven years old. Information leading to her recovery will be liberally rewarded. Postoffice, Cadiz, Ky., R. 8.
J. T. BLANE,
Phone 2202.
FOR SALE
At Church Hill Grange S
On Friday, April 19th, I will sell 100 head of fine grade Shorthorn and Angus yearling steers. A rare opportunity to secure some fine feeding cattle.
R. H. RIVES.

PATRIOTIC CHALLENGE
FROM THE 26 COUNTRY PRECINCTS OF CHRISTIAN COUNTY
TO THE CITY OF HOPKINSVILLE AS A WHOLE.
COUNTY DISTRICT CAMPAIGN TO BE MADE WEDNESDAY AND THURSDAY, 17TH AND 18TH
CHALLENGE
In the first and second Liberty Loan sale of bonds it was stated that the county districts did not show the same patriotic spirit and interest as was manifested in the town districts. We are not sure whether or not this was a fact as the country districts were checked up, and yet no one knows just exactly what the county of Christian outside of Hopkinsville did.
In this the Third Liberty Loan sale of bonds the country districts are willing that the facts be known and in order that every one may see and know just how the people of Christian county feel toward their government each county district has been allotted according to their assessed value and when the drive has been finished every one can see that they have gone over the top, not only for the amount asked for, but for twice the amount.
Christian county is the greatest county in Kentucky and we are determined that we shall take our place in the fore front of the purchase of this Third Liberty Loan Sale of Bonds.
COUNTIES HEARD FROM.
Henderson county allotment, \$330,000; already subscribed, \$725,000, with four precincts not yet reported.
Shelby County's allotment, \$425,000; reported subscribed \$630,000, banks not included.
The following are the 26 county districts and the amount that they are supposed to buy on a basis of 5 per cent of 1917 tax list. The more patriotic will subscribe more:
AMOUNT
